FAMILY LEARNING

Supporting Children in the Digital World

Airyhall School
Friday 10th February - 3rd March
9:30-11:30am

For more information or to book a space contact Laura on
lrobertson-young@aberdeencity.gov.uk or
07919394142

This is a new 3-4 week course designed by Family Learning to help parents:

- understand how and why children use devices
- reflect on the example they set with their device usage
- explore popular apps, games and platforms
- learn about digital footprints and their impact
- understand the risk and reward of devices
- know how to respond to negative online experiences
- support their child's digital resilience
- discover age appropriate online safety resources
- learn about online safety strategies
- put their knowledge into practice using their own and example scenarios
