OCCUPATIONAL THERAPY

Paediatric Occupational Therapists work with children and young people who have difficulties impacting on everyday activities of daily life.

If you have questions or concerns about a young person contact us for advice on developing independence skills with:

SELF-CARE

For example
dressing, washing,
using the toilet,
using cutlery

PLAY & LEISURE

Playing with toys,
playing outdoors,
joining in sports
and activities

WORK

Participating
in nursery or
school

The Advice line is available on
Wednesday 2-4pm & Thursday 10am-12pm
